Dr. Gina S. Honeyman
1007 Pearl Street, Suite 280
Boulder, CO 80302

Dear Dr. Honeyman:

As President of the Fibromyalgia Research Foundation (FRF), I must inform you that yesterday, October 16, 2006, the Board of Directors voted to remove you from FRF's board of professional advisors. I requested that the Board vote to dismiss you after I learned that you have repeatedly maligned me through egregious misrepresentation to a variety of people, including relatives and loved ones of mine, *not only before our divorce but also after.*

The members of the Board of Directors considers these acts of yours hostile and aggressive. Moreover, to minimize further personal and social, and possibly professional, damage to me by your adversarial actions against me, I am in the process of pursuing a law suit against you for slander. In view of these serious considerations, the Board considers it unlikely that you will any longer be able to function in a cordial and constructive fashion with us in the interest of FRF. Please remove from all your professional materials anything indicating that you are affiliated with FRF. Thank you for your prompt cooperation.

Earnestly,
Dr. John C. Lowe
